

**REPORT MISSING CHILDREN IMMEDIATELY! THERE IS NO WAITING PERIOD BEFORE REPORTING A MISSING CHILD!**

**DID YOU---**

- ? Search the house for your child, including closets, cupboards, laundry piles and under the beds?
- ? Call friends, relatives, ex-spouses and anyone with whom your child has a relationship?
- ? Call your child's school?
- ? Check your child's computer activity for e-mails and chat room discussions?
- ? Check your child's bank account or cell phone for unusual activity?

**AMBER ALERT CRITERIA:**

Law enforcement agencies will determine that these conditions exist before activating an AMBER ALERT:

- ▶ The child is the victim of an abduction
- ▶ The child is 17 years of age or younger, or has a proven mental or physical disability
- ▶ The child is in imminent danger of serious injury or death
- ▶ There is information available that, if provided to the public, could assist in the child's safe recovery

**WHAT HAPPENS WHEN NEVADA'S AMBER ALERT IS ACTIVATED?**

- ▶ The Emergency Alert System interrupts radio, television and cable programming with the AMBER Alert message
- ▶ NDoT highway signs display the AMBER Alert message
- ▶ The AMBER Alert message is added to Travelers' 511
- ▶ Local media news departments broadcast updates of the investigation
- ▶ The National Center for Missing and Exploited Children is contacted
- ▶ The State of Nevada, in conjunction with the Nevada Broadcasters Association and the State EAS coordinator, send the AMBER Alert message to everyone on the Nevada AMBER Alert notification list. An update is sent out at least every four hours until the AMBER Alert is resolved

**WHAT YOU CAN DO DURING AN AMBER ALERT**

The public plays an essential role in the successful recovery of abducted children. Law enforcement agencies depend on the AMBER Alert to provide leads that will result in the safe recovery of the abducted child. Here's how you can help:

- ▶ Tune to your favorite local news station for updated information about the case
- ▶ Watch for the child and suspect described in the alert message. The alert will include a telephone number to report sightings and information as soon as possible. Call 911 if you aren't sure about who to call
- ▶ If you witness a child abduction, call 911 immediately. Take note of important information about the child and suspect, descriptions of clothing and the make and model of any vehicles involved, including if possible, the license plate numbers.
